More healthier with live water instant heating

Instant heating, using fresh water every time to prevent bacterial growth.

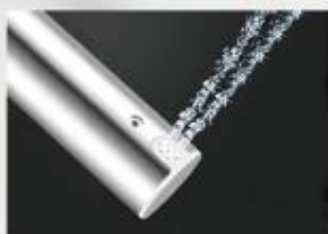

Air bubble washing cares more carefully

Unique design, injecting sufficient oxygen into the water flow to increase the oxygen content in the water, forming a rich oxygen pulse water flow, providing you with softer and more delicate care.

Multiple cleaning methods for more comprehensive clean

Multi directional powerful cleaning, rinsing cleaner.

Female cleaning

Multi hole nozzle for female cleaning, air bubble rinse, soft water output, caring for female.

Hip cleaning

Single hole nozzle with strong momentum, large water surface coverage.

Reciprocating cleaning

The nozzle moving forward and backward for cleaning expands the cleaning range.

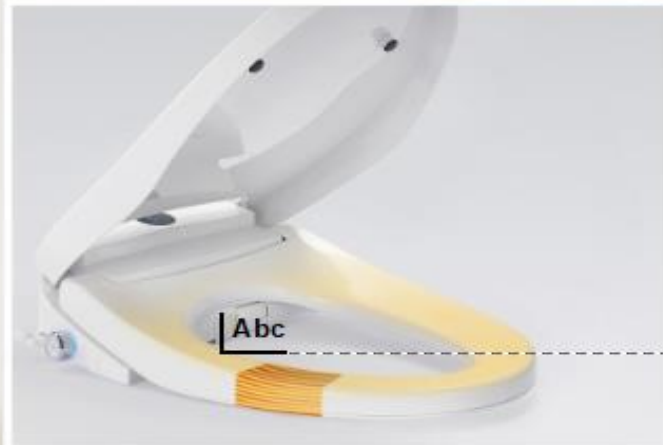

Fixed position cleaning

Fixed position cleaning of nozzle, suitable for the elderly and children.

Water temperature in 4 levels

Continuous supply of hot water with constant temperature for more comfortable washing.

Thermostatic seat with intelligent temperature control

Seat with intelligent temperature control, ECO energy-saving and more energy-efficient, continuous constant temperature control, more comfortable to use in winter.

Wind temperature in 4 levels drying comfortably

Multi level wind temperature regulation, quickly drying and meeting temperature requirements in different seasons.

The nozzle is self-cleaning and does not leave any dirt

Antibacterial nozzle in 304# stainless steel, automatically cleaned before each use.

Night lighting

Night lighting is more convenient for use at night.

Seat cover soft close

Seat cover soft close, reducing collisions and caring for you and your family's healthy sleep.

Remote control (optional)

Easy to understand and operate.

Remote control operation for seat cover open and close (Available only with remote control)

No contact, more hygienic.

Side knob

Quick operation and accessibility.

High definition digital display

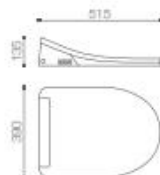

Real time display of temperature at a glance, providing peace of mind during use.
